

CAPABILITY STATEMENT

Commercial and residential roofing — Hibiscus Coast, North Shore and Rodney

WHO WE ARE

Exo Roofing Limited is a family-owned roofing company based in Silverdale, north Auckland, with over 35 years of combined experience. We reroof, repair and install longrun steel roofs on houses, commercial buildings, schools and body corporate properties.

CREDENTIALS

Licensed Building Practitioner — Jean Venter, licence BP170801 (verify at lbp.govt.nz)

Site Safe certified — site-specific safety plans, scaffolding and edge protection

\$5 million public liability insurance

10-year workmanship guarantee, in writing, on every job

Up to 50-year material warranties from NZ Steel COLORSTEEL®, handed over at completion

WHAT WE DO

Commercial reroofing over trading tenants, staged around operating hours

Low-pitch profiles: MC760, Metdek 500, Metcom 930, down to 3 degrees

Box gutters, internal gutters, downpipes and translucent sheeting

Residential reroofing, tile-to-longrun conversions, repairs and new builds

Free written roof condition reports for LTMP, 10YPP and capex planning

RECENT WORK

100 FOUNDRY ROAD, SILVERDALE

1,662 m² longrun reroof completed over nine weeks with the tenant trading underneath for the duration. No closed days and no damaged stock.

WHO WE WORK WITH

Property and facilities managers · body corporate managers · school business managers and EOs working to a 10YPP · main contractors and builders · homeowners

HOW TO START

Ask for a free roof condition report. We visit, get up on the roof, and send you two pages within five working days: photographs of what is actually there, a remaining-life estimate, and a budget figure you can put straight into an LTMP, a 10YPP or a capex plan.

No charge, and no obligation to use us for the work that follows.
